NOCTURNE (Pat. 7130)
\$2.00 each

CHRYSLER IMPERIAL (Pat. 1167)
\$2.50 each

Patented Roses

NOCTURNE. This is a beautiful dark red rose with maroon shadings. The flowers are pleasantly fragrant. This rose has one of the longest, most perfect, streamlined buds of any red rose.

CHRYSLER IMPERIAL. In color this rose is unmatched by any other red rose. Its vivid, rich tones of crimson are enhanced by darker overtones of glowing oxblood red.

PEACE. This glorious rose is almost unbelievable in its beauty, size and lasting qualities. The buds are golden yellow enlivened by a flush of vivid pink at the petal edges.

SUTTER'S GOLD. Beautiful, long pointed, yellow buds, richly shaded with orange and red. The open flowers are richly colored high centered blooms. Long stemmed and very fragrant.

KATHERINE T. MARSHALL. A rose of rare beauty and delicacy of form. The loveliest possible shades of coral pink, underlaid with soft gold. Blooms are slow-opening, heavy petalled and sun-resistant.

MIRANDY. A gorgeous, fragrant, red rose that takes its place with the finest red roses of the world. The big buds are deep rich red with black shadings opening to Chrysanthemum-red.

TAFFETA. Outstanding for its ability to produce many long-stemmed, perfectly formed buds in rich pink and salmon tones which almost everyone likes. The reverse of the petals are tinted yellow.

Tops in Quality!

Red Radiance

RED RADIANCE. A beautiful red. Blooms cover the bush almost continuously throughout the season. The number one rose.

Poinsettia

ETOILE DE HOLLANDE. Truly the queen of red roses. Large, deep crimson flowers with velvety finish and rich fragrance.

POINSETTIA. A rose of true poinsettia color. The buds are ideal in form, long pointed which open to a full petaled rose.

GRENOBLE. A most beautiful large, deep carmine-red rose. One of America's most fragrant roses.

Grenoble

Etoile De Hollande

Soeur Therese

Golden Rapture

Golden Charm

GOLDEN RAPTURE. Pointed buds, very large double blooms. Old rose fragrance. Clear golden yellow.

SOEUR THERESE. The long-pointed buds are chrome-yellow, heavily marked with carmine, the open flower is rich daffodil-yellow.

GOLDEN CHARM. An exquisite rose of bright buttercup yellow with the buds opening into long lasting flowers.

K. A. Victoria

Konigin Luise

K. A. VICTORIA. We think this one of the best white roses grown. Beautiful larger, white buds and blooms.

KONIGIN LUISE. Good white roses are not very plentiful, but here is a fine one. Long buds of ivory white that change into the purest white as they open.

The Doctor

THE DOCTOR. A sparkling pink rose with pointed buds. One of the largest of all blooms and one of the sweetest.

PINK RADIANCE. This is one of the best, strong growing bushes we grow. Covered with big double blossoms from early spring until frost.

EDITOR McFARLAND. This lovely pink rose has long stems and perfect blooms. One of the finest pink roses.

Pink Radiance

Editor McFarland

President Herbert Hoover

PRESIDENT HERBERT HOOVER. Large multi-colored flowers combining yellow, copper and flame tones. Vigorous; free-blooming.

TALISMAN. Gorgeous colors in gold, apricot-yellow, orange, deep pink and old rose. Long pointed buds. A great favorite.

Talisman

Floribunda Roses

FLORADORA. Unusual scarlet-red clusters. Each plant bears literally hundreds of blooms during the long season from early June until frost. One of the hardiest freest flowering plants you have ever grown.

RED RIPPLES. One of the most scintillating red floribundas we have ever seen. Buds are perfect and hold well on the plant or after cutting. Plants bloom continually from June until frost. Petals have wavy rippling edges.

Climbing Roses

CLIMBING PAUL'S SCARLET. Midseason. This popular rose is the most admired of all. Produces sheets of blazing, unfading scarlet blooms.

CLIMBING TALISMAN. A truly distinctive climber. Buds are orange-yellow opening into large blooms of salmon-orange shaded with red and gold.

CLIMBING DUPONT. Long pointed buds of reddish gold. Color lightens with age.

CLIMBING K. A. VICTORIA. A leading white climber because of the beautifully formed, pure white buds, and the magnificent high-centered fully double flowers.

CLIMBING EDITOR McFARLAND. Very fragrant, glowing pink slightly suffused yellow. Vigorous; excellent bloomer.

Paul's Scarlet

IMPORTANT INFORMATION

LOCATION. Our nursery is located in the heart of Arkansas, 40 miles from Nashville, one of the leading peach centers of the entire United States, 25 miles south of Hot Springs and 23 miles west of Arkadelphia, Arkansas, on Highway No. 8. Our soil is adapted to growing fine nursery stock with a perfect root system. It is our aim to produce stock our customers will be proud of and at the very lowest prices possible.

OUR GUARANTEE is that you must be satisfied or your money will be refunded for any items you purchase from us that are not what we represent them to be. We guarantee our trees to be true to name and will replace any stock that should prove otherwise. In no case whatsoever will we refund more than the purchase price. Claims must be made in writing before June 1st.

WE PAY POSTAGE on all orders of \$2.00 or more. We ship all orders possible by parcel post; however larger orders will be shipped by express and will be express collect. To avoid delay and expense to you, send full remittance with your order. A 25 per cent deposit is required on all C.O.D. orders. C.O.D. shipments are not sent postpaid.

DUE TO THE COST OF HANDLING we are unable to handle orders for less than \$2.00. We do our best to ship orders same day as received, but in some cases are unable to do so. All orders will be shipped as soon as possible after they are received.

OUR SHIPPING SEASON usually starts about November 1st or as early as possible after stock is perfectly dormant. If frost is early we should be able to handle any order by December 1st. The season usually ends about May 15th. All orders will be shipped in rotation as they are received.

INSPECTION. All our stock is State and Federal inspected. In addition to these inspections we inspect each tree when it is dug from the nursery row. Each bush is carefully packed, labeled with an inspection certificate, so as to reach you in perfect health and in good condition.

FREE PLANTING GUIDE. With each order we will send a free helpful planting guide. Follow the instructions in this planting guide and you will be successful with all your plantings.

PEARS

BARTLETT. The favorite commercial pear. Fruit very large, juicy, orange-yellow in color with a soft blush. It is quite uniform in shape. The favorite for shipping, canning and eating. The tree is a strong grower and produces very young, Hardy and a regular bearer. Ripens in September.

KIEFFER. The well known canning and preserving pear. Fruit large, golden yellow often blushed by the sun. The most profitable to grow. Tree healthy, hardy and vigorous. Often the fruit needs to be thinned so as not to over-bear. Ripens in September and October.

GARBER. The fruit is similar to the Kieffer and ripens in August. The tree is healthy and bears very heavily. Fruit is delicious for eating or canning. Juicy and of excellent flavor.

DOUGLAS. One of the best early pears, ripens later part of August. The youngest and heaviest tree to bear on our list. Two and three-year-old trees often produce a large amount of large, juicy, delicious fruit that is without a doubt the best eating pear grown. It resists blight and is fast taking the lead as a commercial variety.

MOORPARK

BOYSENBERRIES

New Thornless Boysenberry. The newest development of the most delicious berries you have ever eaten. Huge crops of rich, juicy, juicy fruit borne on canes as smooth as velvet. The new berry ripens about ten days ahead of the older varieties. The flavor is combination of Raspberry, Dewberry and Loganberry all packed into fruits nearly two inches long. Makes them excellent for pies, canning and desserts. By all means you must try a few of these fine berries.

Prices: 10 Plants for \$1.00; 100 for \$7.50

YOUNGBERRIES

A successful new addition to the berry family, being a cross between the Loganberry and the Dewberry. A rich, dark wine color; very large. Early grown. Extra productive.

Prices: 10 Plants for \$1.00; 100 for \$7.50

RASPBERRIES

CUMBERLAND. Black. The largest and best midseason blackcap. Healthy, vigorous, productive, of large, firm berries, fine quality. One of the hardiest varieties.

LATHAM. Red. Undoubtedly the best looking red Raspberry on the market. Produces enormous crops of large, dark red berries of the finest quality.

ST. REGIS EVERBEARING. Red. Another of our fine red varieties. Bears fruit all summer until autumn.

Prices: 10 Plants for \$1.00; 100 for \$7.50

DEWBERRIES

AUSTIN. Very large, black berry, highly flavored. For production, it rivals all Dewberries.

LUCRETIA. Early black, extra large berry. A very fine berry for the market.

Prices: 10 Plants for \$1.00; 100 for \$7.50

BLACKBERRIES

EARLY HARVEST. One of the earliest blackberries in cultivation. A compact, dwarf grower; fruit small and of good quality. Heavy bearer.

ELDORADO. The hardiest and sweetest blackberry. Berries are jet black and in large clusters, very sweet and practically coreless. Keep a week or more after picking with quality unimpaired.

MCDONALD. Enormously productive, outyielding any other variety of blackberry. Ripens two weeks before any other variety. Can be sold for extra price before the other varieties hit the market.

Prices: 10 Plants for \$1.00; 100 for \$7.50

YELLOW TRANSPARENT. Medium in size, clear waxy white, becoming pale yellow when fully ripe. Flesh white, tender, juicy and of excellent flavor. Tree small but very hardy and productive. One of the best early apples grown. Ripens in June.

RED JUNE. Medium in size, bright, shiny red. Flesh tender and mild. Good quality and very productive. One of the best for cooking and pies. Ripens about June 20th.

LODI. A new variety of summer apple that bears when very young, often in two or three years after transplanting. The fruit is large, clear yellow with a slight red blush. A sure bearer. The tree is very vigorous and hardy. The fruit is similar to the Yellow Transparent only larger and a better shipper. The flesh is crisp and has an excellent flavor.

RED BIRD. One of the earliest red apples. Flaming red, ripening in June. Fruit is large in size, very fine flavor and one of the best quality of any red apple. Ripens at a date when the market is best. The tree bears young, annually and an immense crop.

TWENTY OUNCE. The fruit is exceptionally large, juicy and crisp. Green with a slight bluish and red stripes. Tree thrifty and very productive. The best apple grown for home use. Brings top prices on any market.

RED JONATHAN. This is one of the best apples for the market, being out-sold only by one other apple. Jonathan cannot be praised too highly. It's solid red, good size, firm, juicy and keeps well. The flesh is white and brittle, with a flavor that cannot be beat. An excellent cooking and eating apple. It is hard to equal for hardiness and produces when others fail. Used extensively as a filler and pollinating variety. No commercial or home orchard is complete without this apple.

YELLOW DELICIOUS. Our number one apple. Large in size and golden yellow in color. Most delicious flavor. The best suited apple for all types of soil and climate. The tree while not a large growing type is thrifty and extremely productive, coming into fruiting and producing an abundant crop while very young. This apple should be picked at just the right time and placed in storage for late winter use. Ripens late September.

ROME BEAUTY. Large, round, mottled, striped in shades of red. Flavor and quality above the average. Appearance and size are its valuable points. Keeps well and a very good shipper. Always brings good prices.

RED DELICIOUS. One of the best red apples. Extra large, dark red in color. Flesh fine grained, crisp, juicy, melting and delicious. Bears annually, great yielder and hangs well on tree. Bears well in almost every state in the Union. Splendid keeper and shipper. Tree very hardy and usually lives to a very old age.

STAYMAN WINESAP. An old favorite in any orchard. A fine winter apple that is great for shipping and storing. The fruit is medium size, firm, juicy, and red in color. The tree is thrifty, hardy and regular bearer when given the proper cross pollination.

CHERRY TREES

EARLY RICHMOND. A good old variety, perfectly hardy, unimpaired by the most severe winters. One of the most valuable and popular varieties, used extensively by canners. Excellent for pies and preserves.

MONTMORENCY. Considered by fruit growers to be the finest sour cherry grown. Fruit large, firm, ships perfectly. Bears very young, produces tremendous money making crops and is successful anywhere. A large per cent of all frozen cherries used for pies are Montmorency.

BLACK TARTARIAN. Here is the best most dependable and successful of all sweet cherries. You can always depend on this variety for a good crop. The sweet fruit has won nationwide popularity with commercial and home growers.

OUR SHIPPING SEASON STARTS ABOUT NOVEMBER 1ST AND ENDS ABOUT MAY 15TH

PEACHES

RED JUNE. The best early red plum, ripening in early June. Usually a sure-cropper because of the late bloom. Medium to large in size and deep red in color. Flesh light lemon-yellow, firm, moderately juicy. Tree upright, hardy and productive.

ABUNDANCE. Fruit very large, ripening in the latter part of June. Amber, turning to a rich cherry red when ripe. Flesh light yellow, very juicy and tender. Excellent for canning.

METHLEY. One of our best plums. Ripens in early part of June. Large, dark red; flesh red to the seed. Very juicy and sweet. No home orchard is complete without this variety.

BRUCE. This is one of the best plums that grows in the South. The tree is very healthy, early to bear and produces a large red plum that cannot be beat for both flavor and size.

BURBANK. Large cherry-red plum. Flesh amber-yellow, with rich sugary flavor, high quality and very productive.

METHLEY

CONCORD. It never fails. Grown successfully in every state in the Union. Large bluish black grape. The grape's skin is very tender, but sufficiently firm to carry to a distant market. Sweet and juicy. Vines grow very fast and bear the second year. Ripen in August.

CAMPBELL'S EARLY. A large black grape adapted to a wide area. Clusters and berries are large and perfect. Flavor rich and sweet, making it ideal for dessert and wine. Vines are hardy and productive. Ripens in July.

DELAWARE. The Earliest red grape. Ripens 10 days before the Concord. Medium size fruit. Flesh is juicy and sweet, making it ideal for dessert and wine. Vines are hardy and productive. Very popular in the home vineyard.

MOORE'S EARLY. This variety ripens three weeks earlier than the Concord. Rich black in color, always loaded and always enduring. Taste is wonderful when picked from vines. Fruit very large. A vigorous grower and very productive.

FREDONIA. Big, compact cluster of black grapes. Two weeks ahead of the Concord. Freestone withstands the harshest frost. Has the most wonderful flavor. Heavy producer. Fine shipper. A profit winner.

SHADE AND ORNAMENTAL TREES

REDBUD. Heart-shaped leaves; rose-purple flowers in March before the leaves appear. A satisfactory flowering tree because it is so hardy and has no diseases. Why not start a Redbud tree in your community?

TULIP-POPLAR. A tall pyramidal tree rising to a great height. Large, glossy leaves; huge, tulip-shaped flowers in spring. Handsome and distinctive. Price: 2 to 4 feet, 90 cents each.

CHINESE ELM. A native of China. Very rapid growing, extremely hardy. Leaves out early in the spring and leaves stay on longer in autumn. For a quick shade tree try Chinese Elm. Price: 2 to 4 feet, 90 cents each.

WEEPING WILLOW. One of America's most beautiful shade trees. A gorgeous shade that invites you to a cool, mild spot during the hot summer evenings. A bank of weeping Willows makes a lovely background for an outdoor living room. Plant wherever a graceful shade is needed. Price: 2 to 4 feet, 90 cents each.

MIMOSA. (Weeping Silk Tree) The Mimosa makes a beautiful shade tree, has an umbrella-like top, with light green feathery foliage that folds up at night. Fragrant, fluffy pink blossoms. Do not plant in wet spots. Price: 2 to 4 feet, 90 cents each.

PUSSEY WILLOW. A small weeping shrub with attractive leaves two inches long and an inch wide. Its popular appeal is the conspicuous silky catkins which bud in the fall, and make those "catkins" because just as the snow melts in the spring. Price: 2 to 4 feet, 90 cents each.

ALLRED PLUM. One of the most beautiful ornamental trees to produce delicious fruit. Produces the finest sweet, juicy, red plums you ever ate. No other plum offers so much beauty and good eating during the season. Well named: foliage, stems, branches, fruit, even the seed is ALLRED. Price: 2 to 4 feet, 75 cents each.

FLOWERING PEACH. A small tree that one can find a place for in almost any garden for it does not require a great deal of space. The branches are covered with rosettes of flowers in early spring. Hard pruned each year after the blossoms are gone will produce greater production of flowers the following season. Double red or white. Price: 2 to 4 feet, 75 cents each.

LOMBARDY POPLAR. A handsome tree reaching far into the sky. Stands erect, tall and ever graceful. Beautiful in rows as screens or background. Price: 2 to 4 feet, 75 cents each.

LOMBARDY POPLAR

BROADLEAF EVERGREENS

NANDINA. A beautiful and most popular evergreen with bright red berries in the winter. The leaves vary from "green" to a brilliant red in the winter. Highly recommended for fill-in planting about the house and grounds. Price: 15 to 18 inches, 75 cents each.

ABELIA. Dark, glossy green leaves are perfectly contrasted with the delicately perfumed, little white flowers produced from April to late fall. The arching branches are graceful, but the plant may be sheared to any shape and to any size you desire. Price: 15 to 18 inches, 75 cents each.

STRAWBERRIES

BLAKEMORE. Extra early, bright red berry favored for large-scale planting and long-distance hauling. Always bear a big crop of firm, fine flavored fruit.

DUNLAP. The old standby. A midseason variety that grows on all types of soil and in all climates. A good producer and a fine berry.

AROMA. Glossy red, pleasing flavor, very productive and of great market value. Superior to most late varieties.

IMPROVED KLONDYKE. The perfect strawberry for home or market. The berries are uniform in shape and size. Dark red in color and mild, delicious flavor. A strong productive bearer that sells for fancy prices. Above varieties: 25 for 75c; 100 for \$1.75

Everbearing Varieties

GEM. A large, sweet, juicy berry. Considered the "gem" of everbearers. Good quality, firm glossy red. Good shipper, heavy producer. Fine for home gardens. Gem Prices: 25 for \$1.00; 100 for \$2.95

NEW STREAMLINER. This excellent everbearer has everything; enormous size, rich red color, excellent flavor and a big producer. A wonderful variety for eating fresh, canning or freezing. Bears for two or three months same year planted. New Streamliner Prices: 25 for \$1.00; 100 for \$3.95

NEW STREAMLINER

PAPER-SHELL PECANS

STUART. This variety is best suited for all sections of the country and all types of soil. It is a good producer and a very fast grower. The nut is large, well filled, sweet and brittle, one of the earliest ripening of all standard pecans. Vigorous trees, seldom misses a crop.

WESTERN SCHLEY. A long, well shaped, beautiful nut. The shell is very thin and soft. The tree is healthy, strong grower, early and heavy producer.

SUCCESS. The most popular eastern variety. The nut is large and oblong with smooth, creamy kernels that release perfectly from the shell. The tree is a vigorous grower and resistant to snail.

BURKETT. This variety is one of the leading pecans. Its flavor cannot be equalled. It is a regular producer of large, fat nuts that bring top market prices. Plant Western Schley with Burkett for perfect pollination.

GIANT MAHAN. The world's largest pecan. The nuts look similar to the Western Schley but are twice as large. Mahan is also a true brittle Paper-Shell, and brings more money than any other pecan growth. Mahan is a heavy producer and is adapted to all sections. This variety has become very popular due to the healthy, vigorous growing tree which makes a beautiful shade specimen. Plant the variety for home or commercial planting.

Flowering Shrubs

Make Your Home More Attractive

ALTHEA. (Rose of Sharon.) Tall growing shrub, with beautiful double flowers that shower blooms from midsummer until frost. Unusually hardy. Your choice of red or purple.

Price: 18-24 in., 55c each; 2 for \$1.00

CRAPE MYRTLE. By far the best known, most popular and one of the finest flowering shrubs in the south. Blooms from midseason until frost. Watermelon red or pink.

Price: 18-24 in., 65c each; 2 for \$1.25

FORSYTHIA. (Golden Bell.) A showy mass of yellow flowers early in April before the leaves appear. Both the grace and beauty give it a prominent place in shrub plantings.

Price: 18-24 in., 50c each; 2 for 90c

FORSYTHIA

HYDRANGEA P. G. The most striking of all shrubs. It produces huge white cone-shaped flowers in August, turning pink and finally bronze in September. Ideal for cut flowers.

Price: 18-24 in., 90c each; 2 for \$1.75

SPIREA BILLIARDI. Rose-colored flowers in large cone-shaped spikes that bloom nearly all summer. Fine for cut flowers and a showy shrub in any landscape job. Grows 4 to 5 feet high. Excellent for untrimmed hedge.

Price: 18-24 in., 60c each; 2 for \$1.00

MOCK ORANGE. A choice shrub, with a wealth of large, creamy-white flowers that have the texture and fragrance of orange blossoms. Blooms in May and June.

Price: 18-24 in., 60c each; 2 for \$1.10

ALTHEA

HYDRANGEA P. G.

SPIREA (Van Houttei). One of the most common but one of the most beautiful of all shrubs. A medium size shrub covered with pure white flowers in early spring.

Price: 18-24 in., 50c each; 2 for 90c

WEIGELA (Rosea). Rose-pink with a deeper shade in the throat, it is very free blooming. Blooms in April and May. But it is still an ornamental asset to every yard the remainder of the summer with its beautiful green foliage.

Price: 18-24 in., 50c each; 2 for 90c

WEIGELA (Eva Rathke). Most distinct variety, being later (June) and most conspicuous with deep carmine-red flowers.

Price: 18-24 in., 60c each; 2 for \$1.10
